Press release

I am pleased to announce that Mr Stephen Szalay has been appointed as the new Managing Director for UK.

Stephen Szalay will commence his role in October, 2016. The exact date is yet to be decided.

Before joining Aviator Stephen was VP ground services for dnata at Heathrow and Gatwick. He also has broad experience from the ground handling business in the UK. Stephen comes from a military background with many years of experience from several executive positions in the British Army, such as Senior Strategist, Commander Officer, Human Resource Director and Equipment Procurement Director. The combination of the experience of various management positions Stephen has gained both from Ground Handling and the Military, makes him a good candidate to take on the role as the MD for the UK operations.

I would also like to thank Mark Gower for his contribution as the interim MD UK, which he manages excellently.

Our vision is for Aviator to become the world's greatest provider of Aviation Services. So I have great confidence that Stephen will use his expertise to take us on the next step of our journey to accomplish that vision.

Kind regards  
Jo Alex Tanem  
CEO Aviator Group
