## Appointment of the Managing Director Denmark

I am pleased to announce that Mr. Lars Wrist-Elkjaer has been appointed as the new Managing Director for Aviator Denmark.

Lars Wrist-Elkjaer will commence his role in November, 2016. The exact date is yet to be decided.

Before joining Aviator Lars was Chief Operations Officer for the Danish railway company DSB Vedligehold A/S, with operations both in Denmark and Sweden. Lars has broad experience from several executive management positions at DSB but also previously when working for Arriva Skandinavien A/S. His broad experience of working more than 16 years within different management positions in challenging environments makes him a good candidate to take on the role as the MD for the DK operations.

I have had the role as Managing Director for DK since February 2016, parallel with my role as the CEO for company and I am pleased that we have now found a permanent solution for the Danish business. I would like to thank Rashid Ali, Station Manager CPH who has supported me for a while with the duties and tasks for the DK operations.

I am very much looking forward to welcoming Lars to Aviator and to working closely with him in the future.

Kind Regards  
Jo Alex Tanem  
CEO Aviator Group
